

## 64 Provincial Records broken so far this year

Saskatchewan swimmers have had a record season so far this year breaking a total of 64 records and tying two. 57 short course records have been broken, 2 have been tied and 7 long course records were broken.

A complete listing of the records can be found below.

The latest records were set at ManSask provincial championships with James Burkell of the Saskatoon Lasers breaking the 11 & 12 year old male 50 Back with his split in the Provincial relay on Sunday night and Cole Benkic of the Saskatoon Goldfins breaking the 13 and 14 male 50 Fly in both the morning prelims and then again in finals.

This is very impressive, and with Canada Games Trials and Canada Games yet to come this year as two more short course meets the record tally is sure to increase.

Congratulations to all swimmers that have broken provincial records so far this season. Keep up the great work.

### Short Course Provincial Records
