

Opportunity to Learn A New Language with Rosetta Stone®

Canadian Sports Centre Saskatchewan athletes now have the unique opportunity to learn a new language with Rosetta Stone® Enterprise Version 3. This self-paced interactive language- learning program is available to all athletes and is completely adaptable to your busy schedule.

Why learn with Rosetta Stone?

- Every session is internet based...work on your schedule- anytime, anywhere!
- Immersion based learning
- No translations
- No memorizations

Rosetta Stone teaches languages the same way you learned your first language: by pairing words to images, easily and naturally. Rosetta Stone mimics this process, using rich visual imagery to help learners think in a new language and interactive software to perfect pronunciation. Soon you will be speaking with confidence in a newly acquired language.
